Founded Nurseries 1939

CERTIFIED NURSERY STOCK

Our nurseries are a model in modern cultural methods. All plant material is given regular personal inspection. You will find them free of injurious pests and disease. Our nursery stock is certified for out of state shipment by the U. S. Dept. of Agriculture, (inspection certificate No. 1096).

LANDSCAPING - DESIGNING

If you have problems of landscaping, design, culture, etc., we invite you to bring them to our office and we will gladly give whatever time we can to help you solve them, with no charge for this service. However, if you wish us to make a personal call to your place for consultation, there will be a charge for this service based upon time and distance involved. If you wish a working landscape plan, we can supply you with one at a nominal fee. However, we feel that a sketch plan plus a consultation when you are anticipating any expansion, is preferable to a detail drawing, as it allows a certain freedom that the plan, if followed, would restrict.

GUARANTEE and CONDITIONS

Your guarantee of landscaping success will not be determined by whether or not replacement is made for plants that fail to survive, but rather that the material is of such high quality, that it will continue to grow on your grounds where it left off in our nursery. This, of course, is due to a long sequence beginning with propagating, care, culture, and finally digging, balling, delivering and replanting, fertilizing and watering of the plant material on your own property. Success need not necessarily be measured by the immediate effect but more important whether the planting will continue to flourish and improve year after year

All prices quoted are for cash F.O.B. our nursery. All prices subject to change without notice! We give no warranty, expressed or implied and cannot be responsible for losses due to neglect, inclement weather or any other causes beyond our control. Under no condition will any plant material be replaced unless it was paid for in full upon purchase.

CULTIVATION

In order to grow top quality nursery stock, cultivation is of greatest importance. Plants should be weed free and soil should be worked according to its physical requirements. Our nursery is cultivated extensively both mechanically and chemically, thus eliminating most obnoxious and injurious weeds. Our garden shop carries a complete line of chemical weeding agents and can advise you how to cut down cultivating labor on your home grounds.

DIGGING

Our digging methods are of the latest, and certainly the finest. Expert digging spells landscaping success. There is no doubt that this is one of the main reasons our transplanting losses have always been nil or negligible. Because of the advantages of digging and balling, all prices in this catalogue are for B&B which we unconditionally recommend. For those who request bare root material, prices will be quoted accordingly.

WATERING

How much is an inch of rainfall? If you have an acre (app. 200' x 200') it will take about 28,000 gals. of water to equal an inch. During the past year, our normal rainfall was about 60 inches. This means that each acre received over one and a half million gals. of water, yet in spite of this tremendous amount, irrigating was still necessary during many days to keep lawns and flowers from burning up and to produce good crops.

PLANTING INSTRUCTIONS

DO NOT remove burlap or tar paper pots. Roots grow right through. **Very Important!**

DIG HOLE at least a foot wider and deeper than roots.

PLANT using rich soil only. Add compost, humus or peat.

WORK IN organic fertilizer such as agrinite, bone meal or sheep manure.

PACK SOIL tightly around ball and roots with foot or tamper.

MANURE when hole is three quarters full. Use cow or rotted horse manure. Saturate with water several times before you fill in balance of hole. Leave basin for further watering.

DO NOT use any chemical fertilizers until shrub is planted, then lightly on surface only.

SUMMER water twice a week in hot weather. A sprinkler will cool off and freshen newly planted shrubs.

FALL mulch base with 6 inches of manure, compost or peat.

SPRING spade mulch under, top dress lightly with concentrated fertilizer.

— M E M O —

		B&B
ABELIA - grandiflora	Glossy Abelia	
Evergreen shrub. Wht. fls. all summer.		
18-24"		2.50
2-2½'		4.50
2½-3'		6.00
3-4'		7.50
4-5' heavy		10.00
ABIES - brachyphylla	Green & Silver Fir	
Fast growing, dk. green foliage.		
Silver beneath. Evergreen.		
4-5'		9.00
5-6'		12.00
6-8'		18.00
8-10'		24.00
— concolor	Silver Fir	
Pyramid evergreen. Blue-gray needles.		
4-5'		15.00
5-6'		21.00
6-7'		28.00
7-8'		36.00
8-10'		47.50
-- pinsappo	Spanish Fir	
Hardy ornamental evergreen having stiff needles all around branchlets. Ours are grown from seed of 40 ft. specimen growing within 1,000 ft. of the Atlantic Ocean.		
1½-2'		7.50
2-3'		10.00
3-4'		15.00
ACANTHOPANAX - sieboldana	5 Lvd.	
(pentaphylla)	Aralia	
Upright shrub. Glossy green foliage. Excellent for hot, dry and shady places. Good screen.		
3-4'		3.00
4-5'		4.50
5-6'		6.00
ACER - dasycarpum	Silver Maple	
Fast growing shade tree. Leaves silvery beneath.		
1½-2" cal.		15.00
2-2½" cal.		20.00
2½-3" cal.		25.00
3-3½" cal.		32.50
3½-4" cal.		40.00
— palmatum atropurpureum	Jap. Red Maple	
Dwf. tree, brilliant red leaves all season.		
24-30"		12.50
30-36"		15.00
3-4'		20.00
4-5'		27.00-30.00
ACER - palmatum viridis	Jap. Green M.	
Bright green form of Jap. Red Maple.		
4-5'		15.00
5-6'		20.00
6-7'		25.00

— platanoides		Norway Maple
Shade tree. Yell. leaves late autumn.		
8-10'	1-1½" cal.	10.00
8-10'	1½-2" cal.	15.00
	2-2½" cal.	20.00
	2½-3" cal.	25.00
	3-3½" cal.	35.00
	3½-4" cal.	45.00
	4-4½" cal.	60.00
	4½-5" cal.	75.00
	5-6" cal.	100.00
	6-7" cal.	135.00
	7-8" cal.	175.00
	8-10" cal.	250.00
— platanoides nigra		Crimson King M.
Rich purple leaves all season.		
5-6'		6.00
	1½-2" cal.	17.50
— pseudoplatanus		Plane Tree M.
Spreading habit, vigorous growing. Best for seashore & exposed areas.		
8-10'	1-1½" cal.	10.00
8-10'	1½-2" cal.	15.00
10-12'	2-2½" cal.	21.00
— pseudoplatanus spaethi		
Dk. purplish green leaves with reddish undersides. Make for a bold effect. Very hardy near seashore.		
7-8'	1-1½" cal.	15.00
8-10'	1½-2" cal.	22.50
— rubrum		Swamp Maple
Shade tree. Red foliage in fall. Very hardy.		
6-8'	1-1½" cal.	7.50
8-10'	1½-2" cal.	10.00
10-12'	2-2½" cal.	17.50
	2½-3" cal.	22.50
	3-3½" cal.	32.50
	3½-4" cal.	45.00
	4-4½" cal.	60.00
	4½-5" cal.	75.00
	5-6" cal.	100.00
	6-8" cal.	150.00
— saccharum		Sugar Maple
Upright growing tree. Very brilliant fall coloring.		
8-10'	1-1½" cal.	10.00
	1½-2" cal.	15.00
	2-2½" cal.	20.00
ACTINIDIA - arguta		Bower A.
Fast growing, twining vine. Lg. glossy dk. green leaves.		
2 yr.	potted 6"	2.50
3-4 yr.	potted 7-8"	4.50
— kolomitka		Varigated A.
Climbing vine. Lg heart shaped green leaves blotches with white turning to rosy red on edges.		
4 yr.	potted	4.50

AESCULUS - carnia	Red Horse Chestnut
Dwf. growing chestnut. Upright panicles of red fls.	
6-8'	17.50
8-10'	25.00
10-12'	37.50

AILANTHUS - altissima	Tree of Heaven
Quick growing, tropical looking tree. Extremely durable for seashore or city.	
6-8' BR	10.00
8-10' BR	15.00
10-12' BR	20.00
12-14' BR	25.00

ALBIZZIA - julibrissin	Mimosa or Silk Tree
Small ornamental tree. Very showy. Pink feathery fls. all summer. Extra special.	
5-6' potted	6.00
6-7' potted	7.50
7-8' 1-1½" cal.	15.00
8-10' 1½-2" cal.	20.00
10-12' 2-2½" cal.	25.00
2½-3" cal.	35.00

ALTHEA - assorted colors	Rose of Sharon
1-2'	1.00
2-3'	2.50

✓ — coelestris	Rose of Sharon
Flg. shrub. Sgl. blue fls. Aug.	
6-8'	6.00
6-8' heavy	7.50

✓ — dbl. pink	Rose of Sharon
Compact shrub loaded with fully dbl. flesh pink fls. Aug. New.	
4-5'	4.50
5-6'	6.00
6-7'	7.50
7-8'	9.00
8-10'	12.00-15.00

✓ — sgl. pink	Rose of Sharon
Same as above. Sgl. pink fls.	
2-3'	2.50
3-4'	3.00
4-5'	4.00
5-6'	6.00
6-7'	7.50
7-8'	10.00

✓ — ALTHEA - gardenia (New)	
Large, dbl. wht. fls. Aug. & Sept.	
5-6'	7.50
6-7'	10.00
7-8'	15.00

✓ — ALTHEA - pink delight (New)	
Compact shrub loaded with fully dbl. flesh pink fls. with deeper centers in Aug.	
5-6'	10.00
6-8'	10.00-15.00

✓ **ALTHEA - jeanne d'arc**

Same as above. Dbl. white fls. Aug.

4-5'	4.00
5-6'	6.00
6-7'	7.50

AMORPHA - fruticosa Indigo Bush

Flowering shrub having brilliant indigo blue pea-like fls. in summer.

4-5'	4.50
5-6'	6.00

AMPELOPSIS - tricuspidata vietchi Boston Ivy

Self-climbing Boston Ivy. Deciduous.

3 yr. potted	1.95
--------------	------

AMPELOPSIS - quinquefolia Virginia Creeper

Rapid growing vine, brilliant fall coloring.

7"	1.95
----	------

✓ **ANDROMEDA - japonica Jap. Andromeda**

Evergreen drooping clusters sm. wht. fls.

March. New growth red.

12-15"	3.00
15-18"	4.50
18-24"	6.00
2-2 1/2'	7.50
2 1/2-3'	9.00

7-8'	17.50

ARALIA - SEE ACANTHOPANAX

ARALIA - spinosa	Devils Walking Stick
Thorn covered sticks in winter covered with large bold compound leaves and huge panicles of creamy fls. during summer. Tropical effect.	
potted	2.50
clumps	4.50 up

ARBORVITAE - SEE THUJA

ARISTOLOCHIA - sipho	Dutchman's Pipe
Rapid growing vine. Brownish fls. and very lg. (6") heartshaped leaves. Heavy 5 yr. clps.	
	4.50

ARONIA - arbutifolia brilliantissima

Chokeberry

Showy sgl. wht. fls. May and June followed by red foliage and berries in fall.	
2-3'	3.00
3-4'	4.50

AZALEA - amoena

Jap. Azalea

Evergreen, purplish red fls. April & May.	
10-12"	2.00
12-15"	3.00
15-18"	4.00
18-24"	6.00
24-30"	7.50
30-36"	10.00

— arborescens

Sweet Azalea

Deciduous, fragrant pink-wht. fls. June.	
24-30"	4.50
30-36"	6.00
3-3 1/2'	7.50
3 1/2-4'	9.00

— coral bells.

Kurume Azalea

Shell pink fls. Deeper center. May.	
12-15"	3.00
15-18"	4.00
18-24"	5.00

— assorted colors

Kurume Azalea

Evergreen.	
10-12"	2.00
12-15"	3.00
15-18"	4.00

— ghent hybrids

Belgian Azalea

— mollis

Chinese Azalea

Very showy deciduous azaleas blooming in June & July. Sgl. to dbl. flowers. Pink, wht., yell., orange, & red.	
18-24"	4.50
24-30"	6.00
30-36"	7.50
3-4'	10.00

— hinocrimson

Kurume Azalea

A deeper red flowering improved hinodigeri.	
12-15"	3.00
15-18"	5.00
18-24"	7.50
24-30"	10.00

— hinodigeri		Kurume Azalea
Evergreen, bright scarlet fls. May.		
8-10"		1.00
10-12"		2.00
12-15"		3.00
15-18"		4.50
18-24"		6.00
24-30"		7.50
30-36"		10.00
AZALEA - kempferi hybrids		Torch Azalea
Deciduous. Shades of pink and salmon. May.		
3-4'		10.00
4-5'		15.00
AZALEA - ledifolia alba		Wht Indica A.
Evergreen. Lg. sgl. wht. fls. May		
12-15"		3.00
15-18"		4.50
18-24"		6.00
24-30"		7.50
30-36"		10.00
— lilac beauty		Early Spreader A.
Extra lg. indica type flowering early May. Very showy.		
15-18"		4.50
18-24"		6.00
24-30"		7.50
30-36"		10.00
— mucrenulata		Korean Azalea
Deciduous. Lavendar fls. early spring. Blooming with forsythia.		
18-24"		4.50
24-30"		6.00
30-36"		7.50
3-4'		10.00
4-5'		15.00
AZALEA - viscosa		Swamp Azalea
Deciduous. White fls. July.		
2½-3'		6.00
3-4'		7.50
BARBERRY - SEE BERBERIS		
BEECH - SEE FAGUS		
BENZOIN - aestivale		Spice Bush
Upright shrub. Yell. fls. Spring Red fruit fall.		
2-3'		3.00
BERBERIS - atropurpurem		Red Barberry
Dp. purple-red foliage all summer. Deciduous.		
18-24"		3.00
— buxifolia nana		Box Barberry
Hardy dwf. dk. green barberry. Box-like appearance but darker green in color. Excellent for low hedges and as a filler in.		
8-10"		2.50
10-12"		4.50
12-15"		6.00
15-18"		7.50

— gagnepani		Evergreen B.
Mounds of dk. green crinkly leaves turning bronze in winter. Yellow fls. in May.		
18-24"	7.50	
24-30"	9.00	
30-36"	12.00	
— julianne		Wintergreen B.
Brilliant foliage fall & winter. Blue berries. Evergreen.		
15-18"	4.50	
18-24"	6.00	
24-30"	7.50	
30-36"	10.00	
36-42"	12.50	
42-48"	15.00	
4-5'	17.50	
5-6'	22.50	
BERBERIS - sargentii		
Similar to Julianne except more upright in growth and habit.		
2-2½'	7.50	
2½-3'	10.00	
3-4'	12.50	
— stenophylla		Evergreen B.
Graceful arching sprays of narrow dk. green leaves studded in early spring with lg. yell. hypericum-like fls. Sun or shade.		
18-24"	6.00	
24-30"	9.00	
30-36"	12.00	
36-42"	15.00	
— thunbergii		Japanese B.
Deciduous. Hedge plant, red foliage and berries in fall.		
18-24"	1.75	
2-3' heavy	3.00	
— triacanthopora		Three Spine Barberry
Another of the low growing evergreen barberries.		
12-15"	4.50	
15-18"	6.00	
18-24"	7.50	
BETULA - lacinata alba		Weep. Cutleaf
		White Birch
Tall, narrow stately tree. Finely cut leaves and white bark.		
14-16' 1½-2" cal.	15.00	
16-18' 2-2½" cal.	21.00	
16-18' 3-3½" cal.	27.00	
16-18' 3-4" cal.	35.00	
— papyrifera		Paper Birch
— populifolia		Gray Birch
Two common white Birch growing singly or in clumps in most any soil.		
5-6'	6.00	
6-7'	7.50	
7-8'	12.00	
8-10'	18.00	
10-12' 2½-3" cal.	24.00	

BETULA, continued

12-14 3-3½" cal.	30.00
14-16' 3½-4" cal.	36.00
16-20' 4-5" cal.	45.00

— youngi	Weeping Birch
True weeping form of white birch. Rare and different.	
4-5' heavy	17.50
5-6' heavy	25.00
6-8' heavy	35.00

BIGNONIA - grandiflora	Salmon Trumpet Vine
Can be grown as a small shrub or clinging vine for post and rail fences, etc. Huge panicles of showy lg. open trumpet-like fls. salmon pink in color in July, Aug. & Sept. Very showy.	
3yr. potted	2.50
4 yr. potted	3.50

— Mme. Galen	Red Trumpet Vine
Same as grandiflora except brick red fls.	
2 yr. potted	2.50
3 yr. heavy potted	3.50

BIGNONIA - radicans	Common Trumpet Vine
Fast growing climbing deciduous vine. Trumpet-like red or orange fls. during summer. Self-clinging.	
2 yr. potted	2.00
3 yr. potted	3.00

BIRCH - SEE BETULA

BLUEBERRY - SEE VACCINIUM

BOXWOOD - SEE BUXUS

BRIDAL WREATH - SEE SPIREA

BUDDLIA - new hybrids	Butterfly Bush
Fast growing shrub. Flowers all summer. Red, wht, blue, pink & purple.	
2-3' potted	2.50
3-4' potted	3.00
4-5' potted	4.50

BUXUS - handsworthia	Hardy Evergreen Boxwood
Lg. dp. green convex leaves. Handsome & distinctive.	
15-18"	4.50
18-24"	7.50
24-30"	10.00
30-36"	15.00

— sempervirens welleri	Wellers Hardy Boxwood
Slow growing, compact. Dark green foliage.	
2½-3'	15.00

BUXUS - suffruticosa	Dwf. Eng. Box
Evergreen. Ideal for edging.	
6-8"	1.00
8-10"	1.50
10-12"	2.50

CALLICARPA - purpurea Chinese Beauty Bush
 Pink fls. August. Purple berries.
 2-2½' 3.90
 2½-3' 4.50

CALYCANTHUS - florida Pineapple Shrub
 Old-fashioned shrub from grandmother's garden. Maroon fls. all summer that are heavily scented with a pineapple fragrance. Lg. glossy foliage.
 2-3' 2.00
 3-4' 3.00
 4-5' 4.00
 5-6' 6.00

CASTENEA - mollissima Chinese Chestnut
 Hardy blight resistant deciduous tree. Edible chestnuts.
 5-6' 4.50
 6-7' 7.50
 7-8' 10.00
 8-10' 15.00 up

CEDAR (ATLAS) - SEE CEDRUS

CEDAR (RED) - SEE JUNIPER

CEDRUS - atlantica Atlas Cedar
 Broad pyramidal cedar-like evergreen seedlings of blue atlas cedar. They vary in color from blue to blue-green. Very compact.
 5-6' 17.50
 6-7' 22.50
 7-8' 27.00
 8-10' 36.00
 10-12' 45.00

— **atlantica glauca Blue Atlas C.**
 These evergreens are grown from grafts and have a striking blue foliage. Makes a graceful tree.
 2-3' 8.00
 4-5' 12.00
 5-6' 15.00
 6-7' 21.00
 7-8' 27.00

CELARTRIS - scandens American Bittersweet
 Fast growing vine. Orange fruit, red seeds fall.
 2 yr. potted 1.95
 3-5' clps. 2.50-5.00

✓ **CERCIS - chinensis Chinese Red Bud**
 Dp. pink fls. Compact growing.
 3-4' 7.50

✓ **CERCIS - canadensis American Red Bud**
 Pink fls on bare branches in April.
 5-6' 7.50
 6-8' 10.00
 8-10' 15.00

CHAMAECYPARIS - cyano viridis		Blue Cypress
Fine soft dp. blue foliage. Compact growing. New variety.		
15-18"	3.75
18-24"	4.50
24-30"	6.00
30-36"	7.50
3-4'	10.00
4-5'	13.00
5-6'	16.00
— elwoodi		E. Cypress
Slow growing, small evergreen with fine blue-gray foliage. Resembles miniature Italian cypress. Interesting and handsome.		
4-5'	20.00
5-6'	30.00
6-7'	37.50
— lawsoniana alumni		Alumni Cypress
Blue foliage. Pyramidal growth.		
2-2½	4.50
2½-3'	6.00
3-4'	7.50
4-5'	10.00
5-6'	15.00
— obtusa comp.		Globe Cypress
2-3'	5.00
3-4'	7.50
— obtusa gracilis		Hinoki Cypress
A tall broad evergreen. Dk. green foliage. Good substitute for hemlock near the seashore.		
2-3'	4.00
3-4'	6.00
4-5'	7.50
5-6'	10.00
— plumosa aurea		Golden Plume C.
Soft feathery light green foliage, yellow tips.		
2-3'	4.50
3-4'	7.50
4-5'	10.00
5-6'	15.00
6-8'	20.00
8-10'	27.50
— squarosa vietchi		Moss Retinospora
Dense, feathery blue-gray foliage.
